

CONTENTS

Microencapsulation in food products - Petru ALEXE, Cristian DIMA	9
Suitability for urban agriculture and permaculture of some biotypes and new varieties of species with sanogene characteristics and qualities - Viorica BĂLAN, Valerica TUDOR, Oana MENCINICOPSCHI, Carmen MANOLE, Ecaterina ȘTEFAN	15
Open source web applications for spatial data management and for water resource analysis - Michele BELLEZZA, Luca CASAGRANDE, Arnaldo PIERLEONI, Stefano CASADEI	25
Total biomass and grain production of <i>Cynara cardunculus</i> L. species grown under the conditions of southeastern Romania - Ciprian BOLOHAN, Doru Ioan MARIN, Mircea MIHALACHE, Leonard ILIE, Andreea Cristina OPREA	31
Turkish national immovable cultural heritage inventory system - Levent BOZ, Yasin GÜLBAY, Hakan Melih AYGÜN, Ergün ERDOĞMUŞ	35
Estimation of the physicochemical properties of heat-stable fruit fillings - Janna CROPOTOVA, Svetlana POPEL, Alexandra COLESNICENCO	39
The influence of some plant species and soil tillage, on fertility level of the chromic luvisol from Romanian Plain - Liviu DINCĂ, Gheorghe ȘTEFANIC, Dumitru Ilie SĂNDOIU, Costică CIONTU, Wilson Antonio PEDRO, Alexandru Nicolae ANDREESCU	44
Influence of N, P chemical fertilizers, row distance and seeding rate on camelina crop - Paul DOBRE, Ștefana JURCOANE, Stelica CRISTEA, Florentina MATEI, Andra Cecilia MORARU, Liviu DINCĂ	49
Numerical and experimental investigations of wind loads on PV solar panels mounted on flat - roofs - Elena DRAGOMIRESCU, Ya LIU	54
Development of a HACCP plan for <i>Listeria monocytogenes</i> hazard associated with raw milk cheese artisanal production process - Mara GEORGESCU, Constantin SAVU, Ileana PĂUNESCU, Dragoș GEORGESCU	62
Genetic and pathological aspects of prion protein (<i>prp</i>) in sheep belonging to Botosani Karakul breed - Gheorghe HRINCĂ, Sergiu Emil GEORGESCU, Gabriel VICOVAN, Ionică NECHIFOR	69
Evaluation of boron toxicity in fig (<i>Ficus carica</i> L.) cultivars - Mustafa Ali KAPTAN, Mehmet AYDIN, Zeynel DALKILIÇ	75
Influence of architecture on wooden horizontal construction insulated by straw bales - Miloslav KOVÁČ	81
Effects of irrigation halt on yield and yield components of three sunflowers (<i>Helianthus annuus</i> L.) cultivars in Iranian semi-arid environment - Hamid MADANI, Amir SHARIFI	84
Study of phenological and molecular aspects in old romanian varieties of apple concerning the resistance to <i>Venturia inaequalis</i> - Dan Petrisor MANAFU, Dorel HOZA, Mihaela ERCULESCU, Ligia ION	89
Selecting the optimal concentration of nutrients, dispersant and diesel oil to enhance metabolic activity and diesel oil consumption by marine endogenous microbiota at 15°C - Mihaela MANEA, Marinela CIRNU, Ioan ARDELEAN	94

Potato crop production in peri-urban Bucharest area (Moara Domneasca - Ilfov) - Doru Ioan MARIN, Jeni Veronica ȚIU, Niculae DINCĂ, Ciprian BOLOHAN	100
Selenium supplementation in fish nutrition - Rodne NASTOVA, Natasha GJORGOVSKA, Vasil KOSTOV	104
Research on the influence of post-emergent herbicides applied at different stages on Olt and Generos corn hybrids under the conditions of Moara Domneasca - Aurelian PENESCU, Mihaela NICHITA, Costica CIONTU, Dumitru Ilie SĂNDOIU, Nicolaie IONESCU, Tudor ȘCHIOPU, Mihai GÎDEA	108
Modern learning system and improved curricula for education management in life sciences, to promote business enhancement - Nicoleta RADU, Ana Aurelia CHIRVASE, Sanda VELEA, Narcisa BABEANU, Ovidiu Popa, Renata STEPONAVICIENE, Fantxo HASTARAN	116
Delta universe and nature protection in the Danube Delta - Anca Laura ROTMAN, Camelia SLAVE	120
Biodegradation of palm oil effluent by consortium of <i>Bacillus</i> sp., <i>Phanerochaete chrysosporium</i> and <i>Trichoderma viride</i> - Ratu SAFITRI, Bena ZAIRA, Dan NIA ROSSIANA	126
Fractal characterization of wheat crop based on digital images captured in the visible spectrum - Florin SALA, Marius BOLDEA, Iosif GERGEN	133
Representatives of genus <i>Aegilops</i> as a source of pathogens resistance - Hristo STOYANOV	139
Outcomes of various technology options applied to the apple intensive culture systems in Moara Domneasca area - Jeni Veronica ȚIU, Sorin Mihai CÎMPEANU, Valerica TUDOR, Adrian ASĂNICĂ	149
Impact of biofertilisers on vegetative growth and leaf gas-exchange of pepper seedlings (<i>Capsicum annuum</i> L.) in organic farming - Veselka VLAHOVA, Vladislav POPOV	156
On-farm animal welfare assessment and welfare improvement in dairy cattle - Christoph WINCKLER	163
Biodiversity and biotechnological potential of lactic acid bacteria - Medana ZAMFIR, Călina-Petruța CORNEA, Luc DE VUYST, Silvia-Simona GROSU-TUDOR	169
Physical and chemical methods to avoid fruit cracking in cherry - Mekjell MELAND, Clive KAISER, John MARK CHRISTENSEN	177
